Solar Power Bank

with Wireless Qi & Solar Recharging

Instruction Manual

PRODUCT SPECIFICATIONS:

Micro USB Input:	DC 5V 2.1A
Type C Input:	DC 5V 3A
USB Output:	DC 5V 2.1A
Wireless Output:	5W
Battery Capacity:	10,000mAh
Battery Type:	Polymer Lithium Battery
Qi Compatible Devices:	All Qi-Enabled Devices
Waterproof Rating:	IPX4 (Splash Proof)
Product Size:	15 x 7.9 x 2 cm
Product Weight:	272g

BOX CONTENTS:

1 x Solar Power Bank
1 x 2A 30cm Cable

1 x User Manual
1 x Compass Ring

OVERVIEW:

1. Wireless Charging Indicator

Press the power button and then the wireless charging indicator and battery power indicator will turn on. If there are no Qi-enabled devices detected in the Qi wireless charging area within 20 seconds, the unit will automatically turn off.

2. Power Button

Press the power button then the function of wireless charging and output charging turns on.

3. Wireless Charging Area

The wireless charging feature only works with Qi-enabled devices.

4. Anti-slip Rubber Mat

A premium anti-slip rubber mat is designed to keep your devices from moving.

5. Dual LED Flash Light

Press the power button for at least 5 seconds to turn on/off the flashlights.

6. USB Type-C Input - DC 5V 2.1A

7. USB Type-A Output - DC 5V 2.1A

8. Micro USB Input - DC 5V 2.1A

9. Solar Charging Indicator

The green LED illuminates when the sunlight intensity is above 25,000 lux and the solar panel is fully exposed to the sunlight. The solar charger can charge itself at a maximum of 180 mA.

10. Battery Power Indicator

When you press the power button, the indicator turns blue, and the light turns on. Four lights from left to right represent 25%/50%/75%/100% power capacity. When you charge the power bank by the Micro USB port, all the indicator lights flash in sequence till it's fully charged.

11. Solar Panel

The minimum sunlight intensity is 25,000 LUX (180 mA) to charge the battery.

PRODUCT MAINTENANCE:

- Make sure the battery is completely discharged before charging it for a longer battery life.
- If you are not using the device for a long time, charge it at a power outlet at least once every six months.
- Do not use the wireless charging function while charging the power bank.

IMPORTANT NOTICE:

- The product is suitable for 5V/2V devices, or it will be in protection mode and won't work.
- Keep it away from wet environments and corrosive substances.
- Do not try to refit or disassemble it. Otherwise, the warranty will be void.

QUALITY WARRANTY:

All products sold come with a 12-month warranty, the warranty period begins from the date of purchase.
